## COMPANY CLOSURE

Dear students,

Firstly, I would like to thank all the students that took part and supported Casa DO Immersion Courses in Spain since 2018. Interest grew over the first two years but unfortunately Covid and Brexit have made offering good quality courses at an affordable price challenging and eventually unfeasible. Therefore, I have reached the difficult decision to close the company.

I believe Immersion courses are a very important part in language learning for intermediate and advanced students. Over the years I have come across two other companies that I would strongly recommend to help you in perfecting your Spanish:

- [www.ailmadrid.com](http://www.ailmadrid.com)
- [www.castila.es](http://www.castila.es)

I will still keep active but at a local scale organising outings for students in London, where I live and teach.

I would like to wish you the best of luck with your Spanish in the future!!

Ruth Casado
